## WARHorses WORD SEARCH – Breeds

We WARHorses are passionate about the horses we love. Many of us have a favorite breed because they excel at a particular sport, are known for a certain temperament, we like their coloring or we have an emotional connection 'grandpa had one just like mine'. Why we chose a breed doesn't really matter when it comes down to it we are WARHorses. We love them all.

From hundreds of available horse breeds we've compiled a list of 44. Play WARHorses WORD SEARCH and see if you find them?
